Interim GSPs - General Special Provision changes between update packages

The following is a list of GSPs that were modified after the September 14, 2026 update package that was published with the 2027 Standard Specifications.
Only changes resulting in a new GSP date are included in this list. Any minor changes to fix formatting or spelling errors that did not result in a date change are not included.

To view all GSPs, please visit our website:
https://wsdot.wa.gov/engineering-st.andards/all-manuals-and-standards/general-special-provisions-gsps

A "Yes" in the "ADD" column means the change required an addendum. A "Yes" in the "CO" column means the change required a change order.
